

COVIDSafe Plan

6. Create workforce bubbles

Requirements

You should keep groups of workers rostered on the same shifts at a single worksite and ensure there is no overlap of workers during shift changes.

You should maintain records of all workers who have disclosed that they reside with another worker and ensure that there is no cross-over between shifts.

Action

- AV Representatives attending face to face meetings will be limited as required by DHHS regulations and directives.

If your industry is restricted or heavily restricted, you must also:

Limit or cease the number of workers working across multiple work sites.

Maintain records of all workers who have disclosed that they are working for different employers across more than one work premises.
